YES!!! I'm ready to take back my dream of praising His name with technical excellence, and the How to Get the Sounds class is the answer I've been looking for! Please save me a seat!

I plan to be at First Baptist - Lewisville on September 21st to attend the start of the workshop. If by 9:30 PM on Thursday evening I'm not overwhelmingly convinced that I'm learning valuable new insights that will prove themselves by making a difference in my next worship service, then I can stop by your registration table for a complete refund of my registration fee when I return all of the workshop materials.

How can I say no to a business proposition where Curt takes all the risk?! With that kind of better-than-risk-free offer, there's no way I can afford to miss this workshop. Enclosed is my payment.

How to Register

The important thing is to secure your seat at this workshop as soon as possible. So call us, or mail this form to us, or scan the form and email it to us, or register online right now at:

<https://secure1.nlenet.net/csc/cgi-bin/cscstore/index.html>

Cancellations

Full refund for cancellations received by September 13, 2017. After that, just call to let us know you're sending someone in your place, or we'll be glad to apply your registration fee towards attendance at a future CSBC seminar. No refund for no-shows.

How to Reach Us

Complete details about this upcoming workshop can be found on our website at ChurchSoundBootCamp.com.

We communicate technical excellence to churches worldwide through our website and ChurchSoundcheck discussion group at ChurchSoundcheck.com.
